Do you want to pick a time after 1:30pm today?

I would love to see the maps & get the overview.

The only caveat is that the GM Bankruptcy confirmation hearing is tomorrow & DOJ is negotiating the last of our cost claims for R2 today. If they need something I'll have to cancel & pull the info. together for them. I hope that won't happen.

Hello Denise!  
As of this morning, I'm your attorney on Cabo Rojo.  
Do you have any time to meet tomorrow (Thurs) to discuss the site?  
Morning is better but right now my schedule is pretty flexible.  
Looking forward to meeting you (& I am so happy this is being managed out of NY).  
Best,  
Marla

Hi Tom,

As discussed, two new sites are being added to the NPL in March in Puerto Rico: Cabo Rojo and Hormigas. Both will need attorneys assigned to them. Cabo Rojo will be managed through Special Projects (we're doing this as a regional ICI) and Hormigas will stay with Ariel. We're anxious to get a 104(e) out on Cabo Rojo to a party who wasn't as forthcoming during the site assessment work as we would have liked. Denise Zeno is the RPM for Cabo Rojo and can provide the appropriate information to the site attorney, once assigned.

Thanks for the help,

Angela
